As parents, we are aware that in order to promote a happy and safe prom experience, the administration, faculty and staff of Sterling High School strongly recommend that we:

1. **I have attended the Parent Prom Program either in person on March 5, 2020 or viewed "Prom Educational Material" located on Sterling's homepage.**
2. Encourage our children not to attend pre or post prom parties where drugs and/or alcohol are used.
3. Refuse to host a party for our children that includes the use of drugs and/or alcohol before, during or after the prom.
4. Check to make sure that parties attended by our children are properly supervised by a responsible adult and are drug and alcohol free.
5. Actively discourage our children from attending unsupervised parties at the shore during the weekend following the prom.
